PRODUCT GUIDE

Welcome to YOUNG LIVING

We are so happy to welcome you to our Young Living family. The mission of Young Living is to bring essential oils into every home in the world. People everywhere are looking for answers for their health, as well as for their spiritual and financial well-being. We are happy to have you as a Young Living member to help take our message to the world.

Millions of people are waiting for you to answer some of their questions and to show them a better way. People can be free only if they are strong and healthy and have the financial strength to travel, teach, and be able to give to those in need.

As the world leader in essential oils, we provide the finest essential oils available through our Seed to Seal process, which you can be a part of during our planting and harvesting seasons or visiting our growing and distilling partners throughout the world.

Our family is thrilled to share what we love with all of you around the world. It is exciting to see families joining together and so many children wanting to use the oils and experience their many benefits. This is a new and exciting time of great growth.

The 2016 Product Guide represents more than 20 years of dedication to help you find the freedom of whole-life wellness you've imagined but wondered if it would ever be possible. All of us here at Young living have made a great effort to offer you safe and effective essential oil-infused products to replace the harsh chemicals found in most homes and offices.

This convenient, comprehensive guide is designed to help you quickly find what you are looking for and to discover new products that you haven't yet tried.

Our products are here to help you find an oasis of freedom with a feeling of well-being, both physically and emotionally. It is your moment to experience the benefits of the pure essence of nature as intended for everyone. They are for your enjoyment as they support your body, calm your busy environment, and uplift your spirit.

OUR PURPOSE

Young Living is a universally known, household name that is revered and respected for the countless benefits it brings to humanity. Propelled by the world's purest essential oils and oil-infused products, along with our passionate commitment to empowering individuals to whole-life wellness, we champion the modern essential oil movement. A global, purpose-driven wellness revolution is underway, and Young Living leads the charge.

OUR VISION

To bring Young Living Essential Oils to every home in the world.

A photograph of a man and a woman in a kitchen. The man, wearing a blue shirt, is holding a white cloth and looking down at a brown paper bag. The woman, wearing a green patterned top, is also looking at the bag. They are standing in front of a white stove and oven. On the counter to the left, there are several bottles of Thieves essential oil products. The kitchen is well-lit with natural light coming from a window on the right. There are many potted plants throughout the room, creating a fresh and natural atmosphere.

OUR MISSION

Young Living Essential Oils honors its stewardship to champion nature's living energy—essential oils—by fostering a community of healing and discovery while inspiring individuals to wellness, purpose, and abundance.

MISSION

The D. Gary Young, Young Living Foundation is committed to empowering individuals to achieve their potential and defy limitations by providing wellness and education opportunities to underserved communities.

THE D. GARY YOUNG YOUNG LIVING™ FOUNDATION

Empowering Individuals to Defy Limitations

Learn how you can get involved by visiting
YoungLivingFoundation.org

Young Living Academy, Ecuador

The Foundation's flagship project in Chongon (Guayaquil), Ecuador, is home to our Sponsor a Child program. Built in 2009 by Young Living Founders, D. Gary and Mary Young, the Academy now educates 350 students from grades Pre-K through 12. Young Living Academy recently graduated 100 percent of its senior class, in a community where the average graduation rate is 20 percent.

Rebuild Nepal

In 2015 major earthquakes in Nepal claimed nearly 9,000 lives and destroyed more than 900,000 homes, tragically leaving millions without a roof over their heads. In Yarsa, a mountain village completely destroyed by the earthquakes, the Foundation is rebuilding 112 homes and two schools.

Hope for Justice

Hope for Justice's mission is to end human trafficking and slavery in our generation. They work continuously to affect long-term change throughout the world, including in the U.S., U.K., and Norway. The Young Living Foundation is joining the fight to help put an end to these grave violations of human rights, and is fully funding Hope for Justice's school for rescued girls in Cambodia.

VISION

We envision a world where children are provided with the resources and opportunities necessary to become confident, self-reliant leaders who can take control of their own health, provide for their families, and positively change their communities.

D. Gary Young started the Foundation in 2009, and ever since, we have focused on giving those whose needs receive far too little attention the tools and resources they need to unlock possibilities. Our mission and vision serve as our compass for providing long-term solutions.

African Hearts Community Organization

African Hearts is a rescue program for children living in the slums and streets of Kampala, Uganda. Recently the foundation built the African Hearts Nursery School for 200 children. Additionally, the Foundation has helped develop a strategy to double the impact of African Heart's programs.

Maestral Orphanage Croatia

The Maestral Orphanage in Split, Croatia, supports more than 125 children and young adults by simulating the model of a family setting to develop confidence, success, and personal development by nurturing and caring for children on an individual level.

Sole Hope

Sole Hope supports local communities by employing medical personnel to treat those affected and local shoemakers and training them in innovative shoemaking techniques to make durable, protective shoes for up to 400 individuals in the community a week. These shoes help protect individuals from jiggers, sand fleas that burrow into feet and spread disease. The foundation is building a new outreach home for Sole Hope, to provide additional care for those with the worse cases.

Healing Faith Uganda

Healing Faith Uganda provides malaria education, prevention, and treatment to rural villages. In 2016 the Foundation helped Healing Faith increase its impact by 1,000 percent, hanging more than 4,000 mosquito nets a month, thanks to contributions from Young Living members. This increase translates into 12,000 children receiving protection from malaria each month compared to the previous 1,200 children a month.

OUR PROMISE *of PURITY FROM* **SEED TO SEAL**

For more than 20 years, Young Living has set the standard for essential oil purity and potency. At the heart of our quality promise is Seed to Seal®, a proprietary process that focuses on the five most important requirements for producing authentic essential oils:

SEED

Selecting seeds that will produce plants with optimal levels of desirable compounds is the vital first step in our Seed to Seal process.

CULTIVATE

Our sustainable agriculture expertise ensures that rigorous standards are met, both on Young Living-owned farms and our carefully monitored partner farms.

DISTILL

We combine ancient and modern techniques to maintain the ideal profile of beneficial plant compounds in each batch of essential oil.

TEST

To guarantee consistent quality and purity, our essential oils are tested in our own internal labs, as well as in third-party facilities. Young Living essential oils come from dozens of sources, all meeting our stringent Seed to Seal™ qualifications.

SEAL

We complete our Seed to Seal process by carefully sealing and inspecting each bottle of essential oil in our state-of-the-art facilities before shipping to members worldwide.

For more detailed information on our Seed to Seal process and global farms, visit our newly redesigned [SeedtoSeal.com](#).

GLOBAL FARMS

Young Living farms stand apart in the essential oil industry and set the standard for distilling essential oils. That's why our essential oil farms play such an integral role in our Seed to Seal® promise. We've invested unprecedented time and resources to ensure that these standards are prioritized at each of our corporate-owned farms, partner farms, and Seed to Seal-certified suppliers; so your home and family get the very best nature has to offer.

SIMIANE-LA-ROTONDE LAVENDER FARM
Simiane-la-Rotonde, France

WHISPERING SPRINGS FARM

MONA, UTAH, USA

The Young Living Whispering Springs Farm is an iconic lavender farm, not only to Young Living but also to the essential oil movement and the wellness community. This lavender farm is just a short drive from Young Living Global Headquarters and is home to events such as the Lavender Day festival, the Essential Oils and Animals Conference, and the Fall Festival Draft Horse Show and Rodeo.

Highland Flats Tree Farm

NAPLES, IDAHO, USA

The Highland Flats Tree Farm is home to beautiful conifer trees from which essential oils inspired by the great outdoors are produced. It's the location of Young Living's annual Winter Harvest and Spring Planting projects, which allow members to participate in the Seed to Seal process firsthand in a rural, peaceful setting and to experience the thrill of working at the world's first fully automated, state-of-the-art essential oil distillery.

Skyrider Wilderness Ranch

TABIONA, UTAH, USA

Although this ranch is one of our newest locations, many Young Living global leaders have attended retreats and events hosted at this beautiful location. Nestled in the hills of Tabiona, Utah, this ranch is close to Gary Young's heart. It's a location where our unique einkorn grain thrives and is a place where Gary can perform research on distillation methods and new botanicals.

St. Maries Lavender Farm

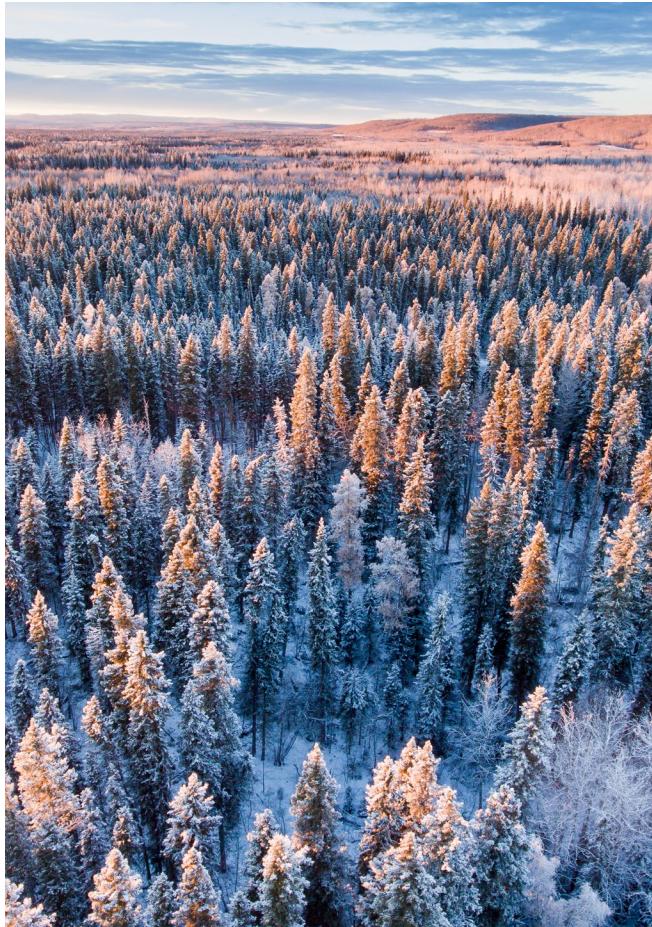

ST. MARIES, IDAHO, USA

Our St. Maries Farm is where everything started! Decades ago, Gary Young brought pure, authentic lavender and melissa seeds from France and planted them on the 200 acres of land that now make up this beautiful farm. Today, over 120 acres of organically grown melissa are planted on this farm, making it the largest producer of Melissa oil in the world.

Northern Lights Farm

FORT NELSON, BC, CANADA

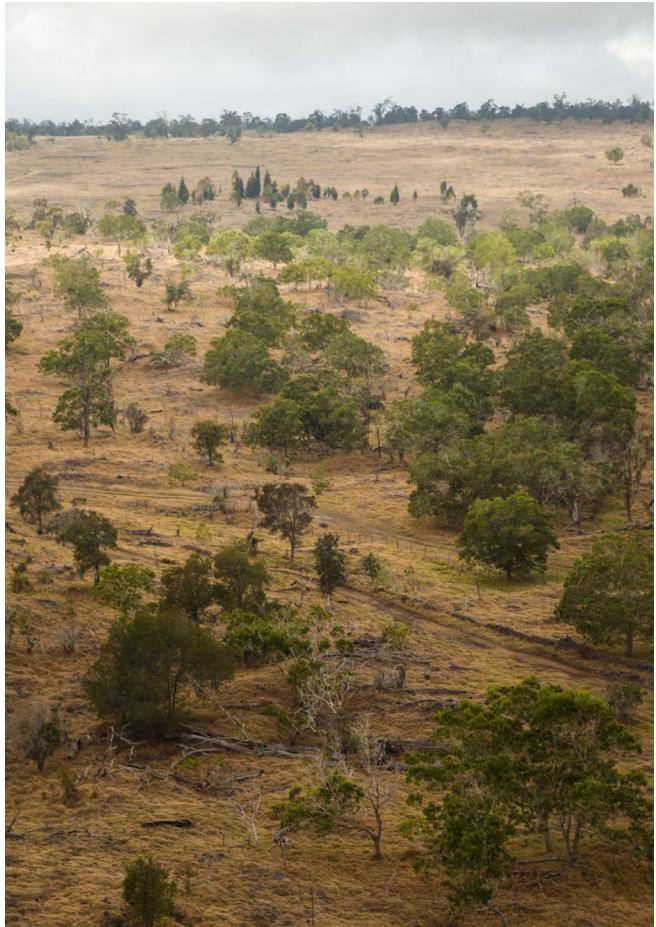

After extensive scouting and research in 2014, Young Living purchased land in British Columbia, Canada, for the Northern Lights Farm. The pristine land remains free of synthetic chemicals and fertilizers.

Farm Fact: This farm is a main source of Black Spruce essential oil, an important oil in many popular blends.

Kona Sandalwood Reforestation Project

BIG ISLAND, HAWAII, USA

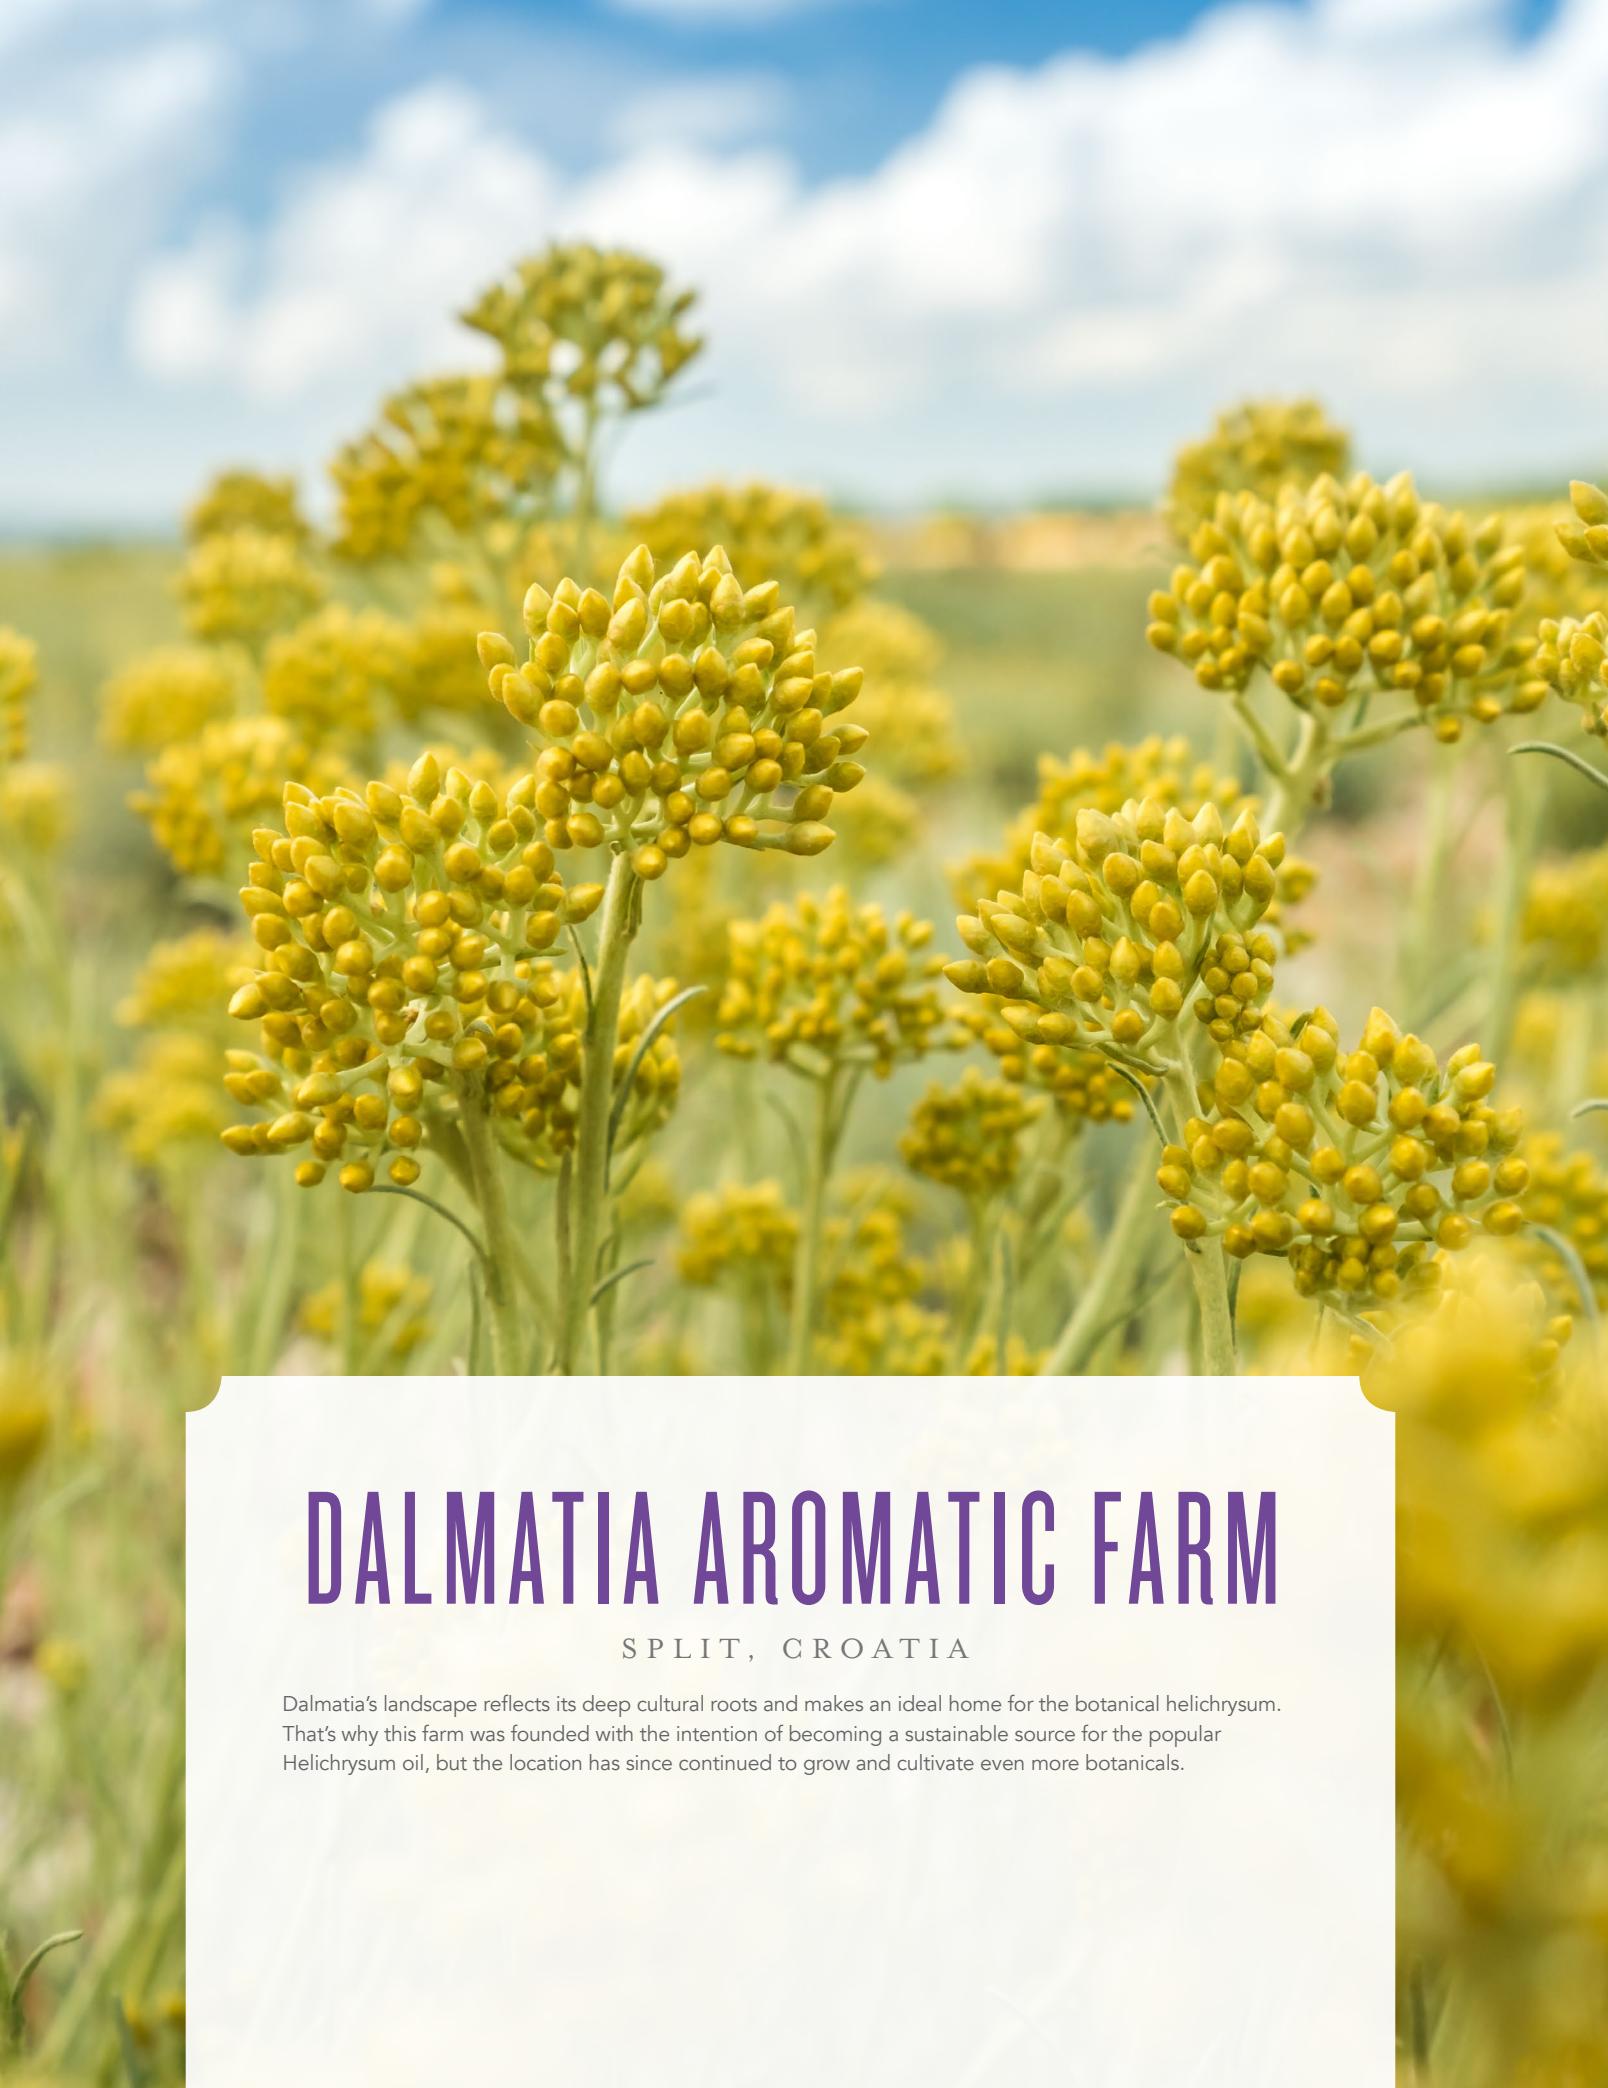

Young Living's partnership with the Kona Sandalwood Reforestation Project is a great example of how our partnerships strive to preserve cultural values. At this location, only dead or dying sandalwood is harvested to maintain the ecological balance and to follow the deeply rooted Hawaiian belief in humans' responsibility to maintain a respectful relationship with the land.

FINCA BOTANICA FARM

GUAYAQUIL, ECUADOR

Building this farm and its state-of-the-art distillery started as one of Gary Young's passion projects. Today, Guayaquil's tropical climate helps nurture Young Living's 2,000 acres of rich soil, year-round harvests, and lush botanical life.

The background of the entire image is a close-up photograph of a field of yellow helichrysum flowers. The flowers are small, rounded, and densely packed on green stems. The background is slightly blurred, creating a soft, dreamlike atmosphere.

DALMATIA AROMATIC FARM

SPLIT, CROATIA

Dalmatia's landscape reflects its deep cultural roots and makes an ideal home for the botanical helichrysum. That's why this farm was founded with the intention of becoming a sustainable source for the popular Helichrysum oil, but the location has since continued to grow and cultivate even more botanicals.

Simiane-la-Rotonde Lavender Farm

SIMIANE - LA - ROTONDE ,
FRANCE

Young Living's Simiane-la-Rotonde Lavender Farm is located in charming Provence, a region of France renowned for its beauty, fragrant lavender fields, and summer-long festivals. This farm has become a popular destination for essential oil lovers, artists, and visitors looking to breathe in the captivating spirit of this special location.

Quintis Sandalwood Farm

PERTH , AUSTRALIA

This location utilizes a remarkable approach to protecting precious sandalwood trees from India's growing black market by bringing seeds from India to be cultivated in the area. Once safely planted in their new home, these trees are cultivated with the industry's highest standards of quality, sustainability, and environmental stewardship.

Outback Botanical Reserve

DARWIN , AUSTRALIA

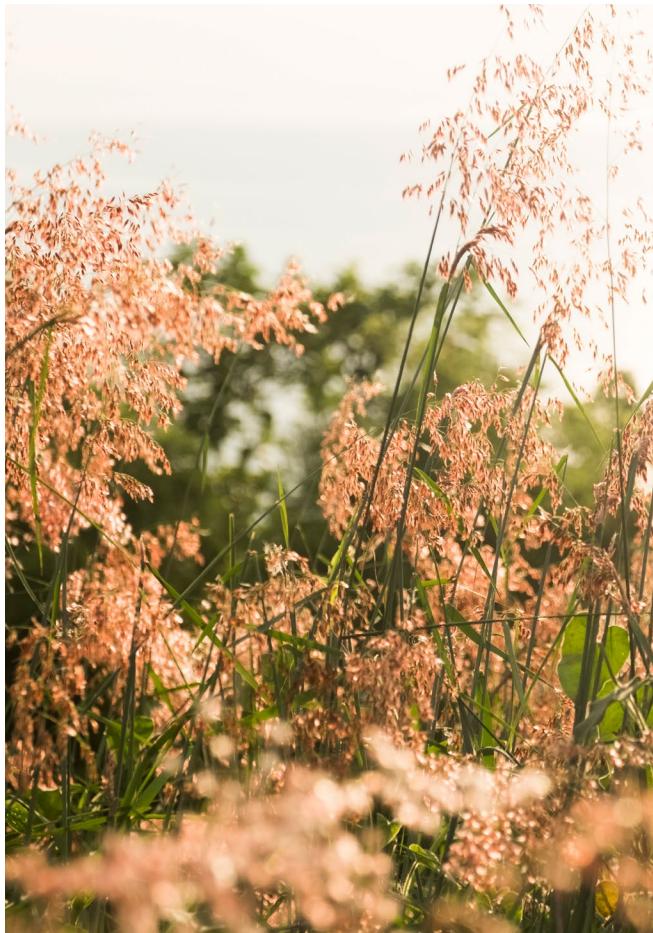

Australia's Northern Territory outback is the backdrop for this location's plantations of Australian cypress trees. Drawing on ethnobotanical use in the aboriginal pharmacopeia, the founder of the Outback Botanical Reserve discovered a new, now-patented method of distillation that resulted in Blue Cypress essential oil.

Taiwan Cooperative Farm

TAITUNG, TAIWAN

This cooperative farm is actually made up of smaller individual farm operations that each focus on different oils. Like each unique operation, each oil has its own story and background that include its preservation, generational history and family significance, and the ingenuity and innovation necessary to create it.

Maydi Frankincense Distillery

DUBAI, UAE

This region has long revered frankincense and myrrh for their luxurious fragrances and properties. Young Living's partnership with this farm and distillery has played an integral role in the process of making Frankincense and Myrrh oils more available.

ARABIAN FRANKINCENSE DISTILLERY

MUSCAT, OMAN

Young Living is the first and only company in the world to distill and export Omani Sacred Frankincense oil and bring it into the Western world. The *Boswellia sacra* trees in this region carry a rich history, having been harvested from for the past 5,000 years. Today, their resin is harvested by the same method and on the same schedule to continue this centuries-old story.

SEED TO SEAL-CERTIFIED SUPPLIERS

— Our Partnership Principles —

Young Living believes that authenticity matters. Our two-decades-long partnership with nature sets the standard for essential oil purity and is at the core of who we are. This standard is held to by our corporate-owned farms, to our partner farms, and our Seed to Seal-certified suppliers. We know that purity starts on the farm, and we proudly source 100 percent of our essential oils from supply relationships that embrace our five Partnership Principles, ensuring the purity of our oils.

STEP 1: ESTABLISHED RELATIONSHIPS

Our Founder and Chairman of the Board D. Gary Young and our Sourcing team have been hand-selecting renowned suppliers of premium botanicals and building relationships with them for decades. We continue to foster and expand these relationships.

STEP 2: SEED TO SEAL SPECIFICATIONS

All suppliers are educated on Young Living's Seed to Seal standards and are invited to embrace the process at every step of production.

STEP 3: BINDING AGREEMENTS

Many suppliers elect to sign a legally binding contract as a way of promising that they will deliver on Seed to Seal specifications.

STEP 4: STRINGENT TESTING

We have spent millions of dollars on a state-of-the-art lab with cutting-edge testing instruments, as well as a team of researchers with a combined 180 years of experience. Each test is carefully recorded in our library of historical testing data.

STEP 5: ONGOING AUDITS

Our farm audits not only address quality and legal compliance but also responsible agriculture. We are continuously working to remain on the cutting edge of sustainable soil, weed, and pest management and of responsible forestry.

What are ESSENTIAL OILS?

Lovingly harvested from farm-grown and wildcrafted plants, herbs, and trees, essential oils are concentrated plant extracts obtained by careful steam distillation, cold pressing, or resin tapping. These pure essential oils are far more powerful than the botanicals from which they are extracted. We offer hundreds of single oils, blends, and oil-infused products, each containing the optimal levels of specific, naturally occurring constituents to maximize their potency. Whether you use oils for aromatherapy, personal care, or household solutions, every aspect of daily life can benefit from the incorporation of essential oils!

Essential Oils & Oil-Infused Products

Pure, authentic essential oils are the foundation of everything Young Living does. We offer products in four categories designed to enrich and simplify your life every day:

ESSENTIAL OILS

Infuse your body, mind, and spirit to discover the pure, grounded life that you've always wanted. Essential oil singles, blends, or custom infusions invite a new measure of wellness to your life.
See page 24 for Essential Oils.

HEALTHY & FIT

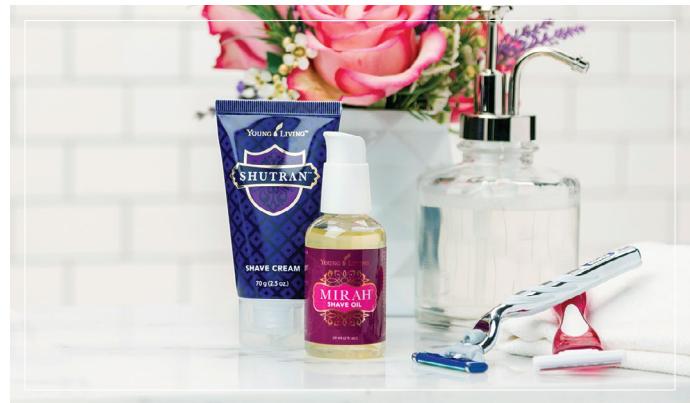

Satisfy your body's nutritional needs while keeping your taste buds happy. This lineup of nutritional supplements and healthful, tasty treats is full of options that your whole family will love.

See page 78 for Healthy & Fit.

AT HOME

Keep your family and home clean and protected with naturally derived products that are perfect for everyday use. Our home care products feature the ingredients you want, without the ones you don't.
See page 68 for At Home.

PERSONAL CARE

Reveal your natural glow with our line of essential oil-infused personal care products. Cleanse, nourish, and moisturize with formulas free from harmful, damaging chemicals.

See page 94 for Personal Care.

How to Use ESSENTIAL OILS

Follow label instructions and the guide below to experience the transformative benefits of essential oils.

AROMATICALLY

Use essential oils aromatically to uplift the spirit.

- Rub 2–3 drops of essential oil between your palms and inhale.
- Add a few drops of essential oil to a bowl of hot water. Cover your head and bowl with a towel. Breathe deeply and slowly.
- Use your favorite essential oils in our many diffusers.

TOPICALLY

Many essential oils are safe and beneficial to use directly on the skin.

- Place 2–3 drops of essential oil directly on the desired area and massage in. Repeat as desired. Always follow the label's dilution instructions.

Caution: Essential oils are very potent and may be irritating to the skin. If irritation occurs, apply Young Living's V-6 Vegetable Oil Complex or any pure vegetable oil to the area to dilute. Citrus-based oils and blends may cause temporary photosensitivity.

INTERNALY

When taking essential oils internally, try these tips:

- Place several drops of oil into a vegetable capsule (see page 64) and swallow with water.
- Add 1–2 drops of essential oil to a glass of water, NingXia Red, juice, yogurt, your favorite sweetener of choice, or plant-based milk and swallow.
- Add 1–2 drops of oil (to taste) to meals when cooking.

Note: Always consult individual product labels for usage directions.

ANCIENT EINKORN: TODAY'S STAFF OF LIFE

Item No. 5020 Single Whsl. \$8.95 Retail \$8.95 PV 0

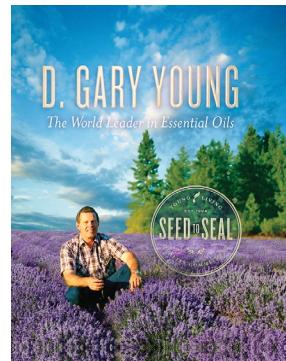

In this illuminating book, D. Gary Young chronicles the history of ancient grains and tracks their changing relationships with humans, from staff of life to a potentially harmful ingredient in many processed foods. Hybridized wheat and genetically modified grains are now found in nearly every food product. This book discusses the benefits of einkorn grain, an ancient heirloom grain that remains untouched by hybridization. It also describes how some of the chemicals in our foods today may be connected to health challenges.

GET STARTED WITH

YOUNG LIVING

Set yourself up for success with a Young Living Starter Kit! Our introductory kits have been completely redesigned to include cutting-edge business-building materials and more product samples than ever before. These all-new kits are the perfect way to introduce someone to the Young Living opportunity and lifestyle. Sign up with one of our Starter Kits and enjoy a host of exclusive benefits, including:

- A 24 percent wholesale discount
- An opportunity to help others discover greater wellness and freedom
- The potential to earn commissions and bonuses
- Eligibility to participate in the Essential Rewards program and earn free products, discounted shipping, and more

Because of our close partnership with nature, as well as the rigorous standards of our Seed to Seal® processes, some oils in the Starter Kits may become temporarily unavailable due to seasonality or our strict quality requirements. In these rare cases, oils in the Starter Kits may need to be substituted for other popular oils, known as our "flex oils." These substitutions help ensure that each Starter Kit goes out meeting our high standards and specifications.

Why Join YOUNG LIVING?

When you join Young Living, you join a supportive global community of individuals who are passionate about natural, authentic solutions for themselves and their families. Young Living membership is much more than access to our authentic essential oils and essential oil-infused products, it also offers:

- 24 percent off retail pricing on all Young Living products: This substantial discount allows you to discover more of your favorites and share our transformative products with others.
- The opportunity to participate in our compensation plan: One of the industry's most generous, our plan offers a higher-than-average payout through commissions, sizeable bonuses, and retail sales—just for sharing essential oils!
- The convenience of our Essential Rewards autoship program: Not only do your favorite products arrive hassle free at your door month after month, but you may also accumulate points toward free products just for placing a recurring monthly order! Plus, joining the Essential Rewards program offers shipping discounts, qualification for certain bonuses, and access to program-exclusive promotions!
- Recognition for your talents and hard work: Every year we host several retreats in beautiful locations around the world to reward and train those who have demonstrated exceptional dedication in building their businesses. Additionally, we offer on-stage recognition for the rank advancements of our members each year at our International Grand Convention.
